

THE IDEAL & UNIVERSAL SUBSTITUTE FOR TRADITIONAL BRUSHES AT EQUAL PERFORMANCES

SUPERSUB concept:

FRONT

BACK

Front:
Thousands of strong bristles per m² allow efficient scrubbing action

Back:
Special backing material can be attached on any pad holder

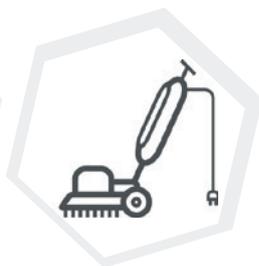

+

=

+ any pad holder = UNIVERSAL SOLUTION

All-purpose use for rotating, oscillating, orbital, ride-on floor scrubbers and scrubber driers

MEMBER OF *Constantia* INDUSTRIES

The UNIQUE STRUCTURE & DESIGN of the SUPERSUB floor cleaning pad allows:

Replacement of traditional scrubber brush at equal cleaning performance (FIGR tested)

Excellent cleaning performance on structured and rough floors and joints

Suitable for smooth* and structured floors such as:

- ceramic
- natural stoned flooring
- artificial stoned flooring
- marble
- granite
- structured epoxy
- safety floor
- etc...

*not to use on floorings which are coated with a floor finish (floor polish)

Set up time saving vs traditional brush:

Attach SuperSUB® under your paddriver and you are ready to go. No need to detach the paddriver and substitute by a brush. Use the SuperSUB® for super effective time saving.

Very competitive solution vs traditional brush:

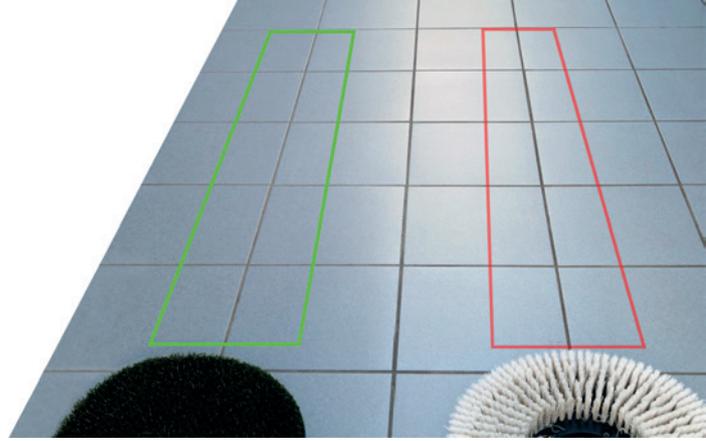

SuperSUB®'s competitive price + easy fixation + lower stock keeping costs (less space needed vs traditional brush) + easier and cheaper transport + set up time saving = Very competitive solution

All sizes and shapes possible:

- Round: 10" 11" 12" 13" 14" 15" 16" 17" 18" 19" 20" and other on request
- Any rectangular size
